CROSLEY PRESENTS
The Best in Radio at New Low Prices

CROSLEY 31

Panelled in burl walnut finish metal, and strikingly decorated in white metal, Crosley 31 is an outstanding achievement in table model radio receivers.

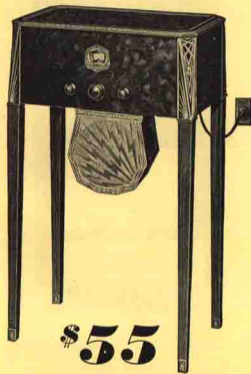

Constructed with infinite care and painstaking attention to the minutest detail of radio perfection, Crosley 31, is at the same time, the most remarkable value in radio history. Mass production methods alone permit the sale of this receiver at its price.

Crosley 31 is a 7-tube A. C. receiver including one 280 rectifier. Grid-to-grid neutralization. Neutrodyne patented circuit developed especially for this instrument.

Price \$55.00, without tubes, speaker or legs.

Crosley 21, a 6-tube battery receiver, similarly cased, is available at the amazingly low price of \$49.00, without tubes.

\$55

without tubes, speaker or legs

CROSLEY 31

Legs for Crosley 31 are constructed to harmonize with Crosley metal cases. They attach securely with the turn of a screw at the bottom. The Dynacone attached below the case or placed on the top is priced at \$18.00 extra. The legs are \$5.00 extra for the set of four.

CROSLEY 32

\$99.50

without tubes

A rich, full-toned instrument, housed in a beautiful walnut veneer console, custom built to Crosley standards of excellence, Crosley 32 meets the demand for finer radio at lower prices. The built-in Dynacone, foremost armature type loud speaker, reproduces the finest gradations of tone.

Crosley 32 is an 8-tube A. C. receiver. (Tubes include one 280 rectifier.) Price \$99.50 without tubes.

Crosley 22, a 6-tube battery receiver in a console like Crosley 32: \$88.50 without tubes.

CROSLEY 82

\$150

without tubes

Crosley 82, designed with painstaking care, is notable for its simplicity and quiet distinction. Its console of matched walnut veneer marks it, at once, the creation of artists. Illuminated single dial control gives you immediate mastery of the air.

Crosley 82 uses five 227 heater type, one 280 rectifier and two 245 new output tubes. It is an 8-tube A. C. receiver. Price \$150.00, without tubes.

SCREEN GRID

Crosley 82-S, 8-tube A. C. receiver including three 224 screen grid tubes and one 280 rectifier. Price \$160.00, without tubes.

For homes wired with Direct Current, Crosley 83 is available for \$155.00. (This price does not include tubes.)

CROSLEY 42

\$125

without tubes

Crosley 42, the product of fine craftsmen and astute engineers, reproduces with utmost fidelity the tones of every instrument and the shades of the human voice without distortion. The handsome, two-toned walnut veneer console is at home in any atmosphere.

Crosley 42, 8-tube A. C. receiver, includes rectifier. Price \$125.00, without tubes.

SCREEN GRID

Crosley 42-S, 8-tube A. C. receiver, uses three 224 screen grid tubes and one 280 rectifier. Price \$140.00, without tubes.

Crosley 62, 8-tube D. C. receiver, in a console like Crosley 42: \$135.00, without tubes.

CROSLEY 41

A receiver that combines the essentials of beauty and radio performance. The metal case is finished in burled walnut and decorated in white metal.

Crosley 41 is available in two 8-tube A. C. models. Price \$70.00, without tubes.

Crosley 41-S uses three screen grid tubes and one rectifier. Price \$85.00, without tubes.

Crosley 61 operates from direct current. It is an 8-tube D. C. receiver enclosed in the same metal case as Crosley 41. Price \$85.00, without tubes.

Legs on all metal case models: \$5.00 extra.

CROSLEY 40-S

The Crosley Unitrad, the Screen Grid Receiving Unit, was the sensation of the RMA Convention in Chicago this year. An 8-tube A. C. receiving unit, the Crosley Unitrad is the last word in radio engineering. It may be installed in any console. This unit is used in Crosley 41-S, Crosley 42-S, and Crosley 82-S. (Tubes required: Three 224 screen grid; two 227 heater type; two 245 new output tubes in push pull, and one 280 rectifier.) Price \$80.00, without tubes.
